DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group I, Species A in Paper No. 10 and 12 is acknowledged.

Priority

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Objections

3. Claims 1-7, 17, 18, and 21 are objected to because they do not comply with 37 CFR § 1.75(i). Where a claim sets forth a plurality of elements or steps, each element or step of the claim should be separated by a line indentation. Claim 1 is also objected to because there is no apparent transitional phrase.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Art Unit: 3651

5. Claims 1-3, 17, 18, and 21 are rejected under 35 U.S.C. 102(b) as being anticipated by Kawano (JP 6-263280). Kawano discloses a sheet feeding apparatus that includes a feed roller (2), an elastically supported reverse roller (3), a cantilever shaft (4), a driven gear (8), a drive gear (7), a torque limiter (30), and a length variable unit (L). The pressurizing force of the reverse roller against the feed roller is periodically changed based on the shifting of engagement between the driving gear and the driven gear in a longitudinal direction of the shafts supporting the gears (See abstract and Fig. 1).

Allowable Subject Matter

6. Claims 4-7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
